REHA

inspire joy of life

Daily routine means that we perform many activities subconsciously, as their constant repetition has made them become a habit. By contrast, every move an elderly or disabled person makes demands their full concentration. Intelligent products tailored to the needs of people with limited mobility help them to cope with daily living. This brochure outlines some of our rehabilitation products.

HCDB WHEELED COMMODE

HCDB wheeled commode
Order no. 83 09 09 8

Commode bucket with lid
Order no. 206 700 200

The powder coated version of the HCDB wheeled commode features a particularly durable and robust frame. Thanks, in particular, to the cured, powder coated surface, the wheelchair is well protected against corrosion and contamination. The standard equipment includes a white seat pan cut out in the middle section, a padded, closed seat cushion and a commode bucket.

HCDA WHEELED COMMODE

The chrome-plated version of the HCDA wheeled commode features a particularly durable and robust frame. The impact-resistant surface scores especially well in environments where a high level of cleanliness is crucial. The standard equipment includes a white seat pan cut out in the middle section, a padded, closed seat cushion and a toilet bucket. More common features of the HCDB commode wheelchair and HCDA commode wheelchair can be found here :

Optionally available with central brake for front wheels

IDEAL ROLLATOR

WITH ROBUST ***TUBULAR STEEL FRAME***

Ideal rollator, silver
Order no. 30 61 98 2

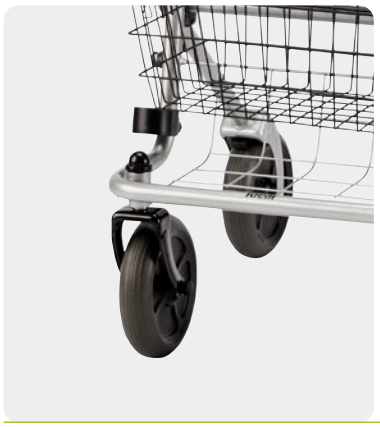
Back strap
Order no. 29 61 98 02 1

Walking aid holder (additional)
Order no. 80 22 23 6

THE STANDARD IN ITS CLASS

The standard steel rollator for indoor and outdoor use meets the requirements of the Medical Aids Index (HMV). The tubular steel frame gives the folding rollator great stability and sturdiness. Infinitely variable adjustment of the handle height enables individual adaptation to the height of the user, and the rheumatic/parking brake makes the rollator a safe companion.

Functions & Details



PU tyres

Incl. tray and basket

Rheumatic/parking brake

With pre-assembled walking aid holder

1.100

THERAPY & WORKING CHAIR MATRIX

THE CLASSIC. AMONG THE WORKING CHAIRS

Order no. 1.100

EXTREMELY FLEXIBLE

Thanks to the modular system, the therapy and working chair MATRIX offers many advantages in terms of its vast adaptation range. Different seats and back shapes enable ergonomic sitting and working, and provide optimum support for the back. The arthrodesis seat is adjustable on both sides. Options such as a foot ring or central locking brake enhance everyday use.

Armrests

- Armrests height and width adjustable
- Armrests swivel back as option (use of pelottes not possible)
- Various armrest cushions
- Straight form for use with therapy table
- Armrest in cover colour, pleasantly soft padding (see above)
- Curved shape

Legrests

- As standard without legrests
- Upper parts of legrests fixed or angle adjustable
- Detachable legrests swing-away inwards and outwards
- With legrests additional length adjustment of 10 cm to thigh length
- Lower legrest with two-piece plastic footplate, 4 cm depth adjustable
- Alternatively folding foot ring

Optional accessories

- Headrest height, angle and depth adjustable
- Pelottes (pair)
- Acrylic therapy table (see above)
- Side padding (pair)
- Electrical switch mounted on armrest, right or left
- Brake lever extension
